WithYou Fife is part of our frontline response to reducing the harms associated with active drug use, particularly injecting drug use, including:

Access to a full range of single use safer

injecting equipment Reducing spread of Blood borne viruses such as HIV and Hepatitis,

Reducing overdose and drug related deaths

through provision of safer use advice,

awareness of risks and distribution of Naloxone

in the community Reducing the number of

bacterial infections associated with injecting

drug use We also play a key part in referring

people to appropriate drug treatment programs

and linking people with other health and social

services. The service is not just for people who

inject Heroin or Cocaine. The service is also for

those who use or are about to start using;

Steroids or other performance or image

enhancing drugs (PIEDs) and any other

psychoactive drugs, chemicals, plants or

medicines WithYou Fife Specialist Harm

Reduction Service offers a wide range

equipment than pharmacy based exchanges

and also offers a range of other services to help

reduce drug related harm including: 1:1

assessment, referral and support into treatment

(only if requested) Overdose prevention work

including access to The Take Home Naloxone

programme (THN). Blood borne virus testing for

HIV and Hepatitis Specialist advice &

information on issues related to substance use.

injecting practice and any concerns or questions

in relation to it. We operate from a number of

venues in Fife and also operates a Mobile

Outreach unit
